Click on Start Test to start the examination.

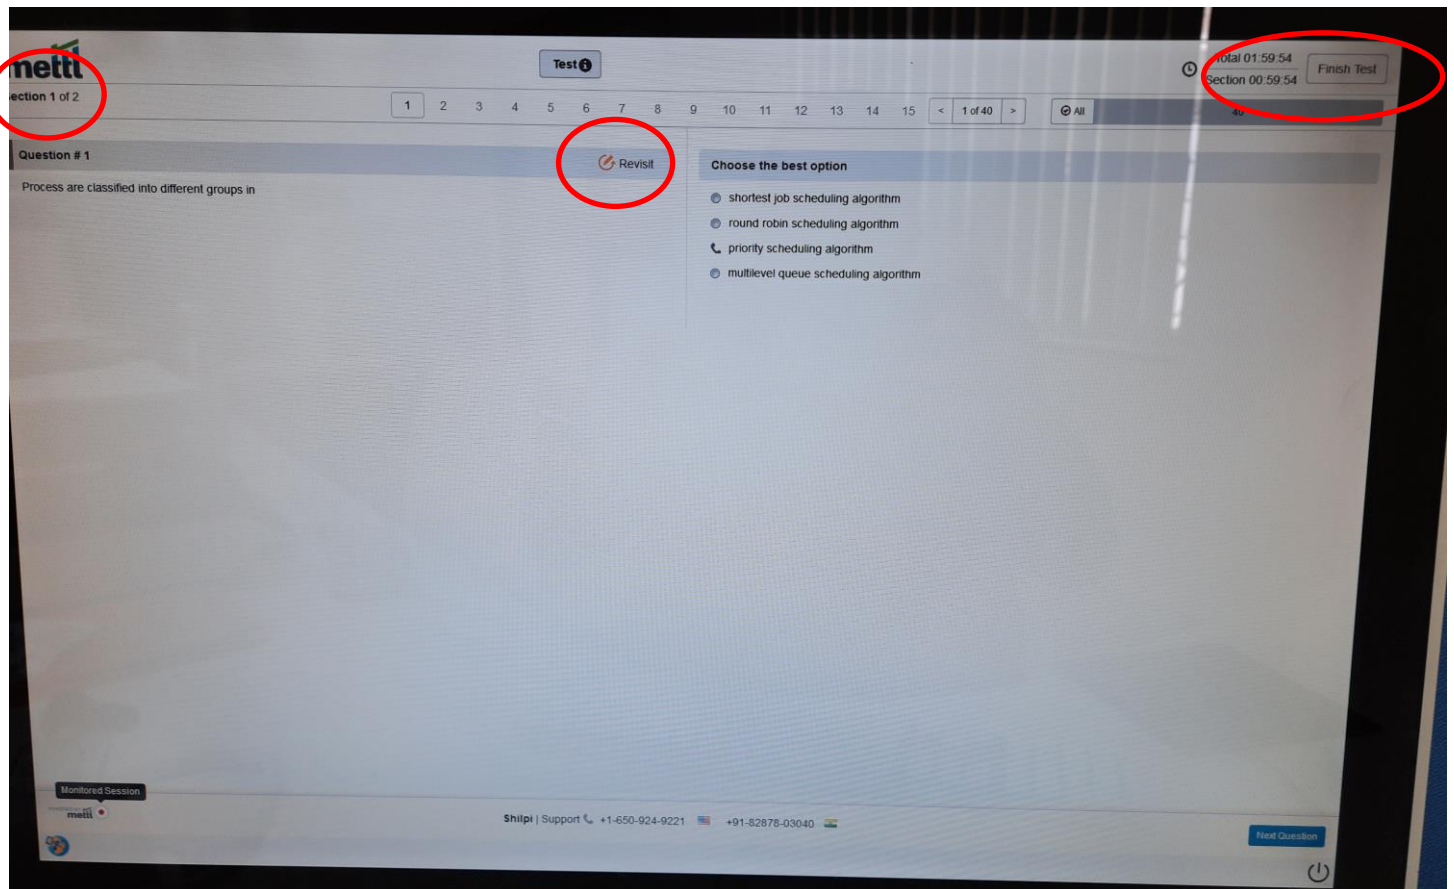

Exam will be monitored by the Proctor through webcam throughout the exam.

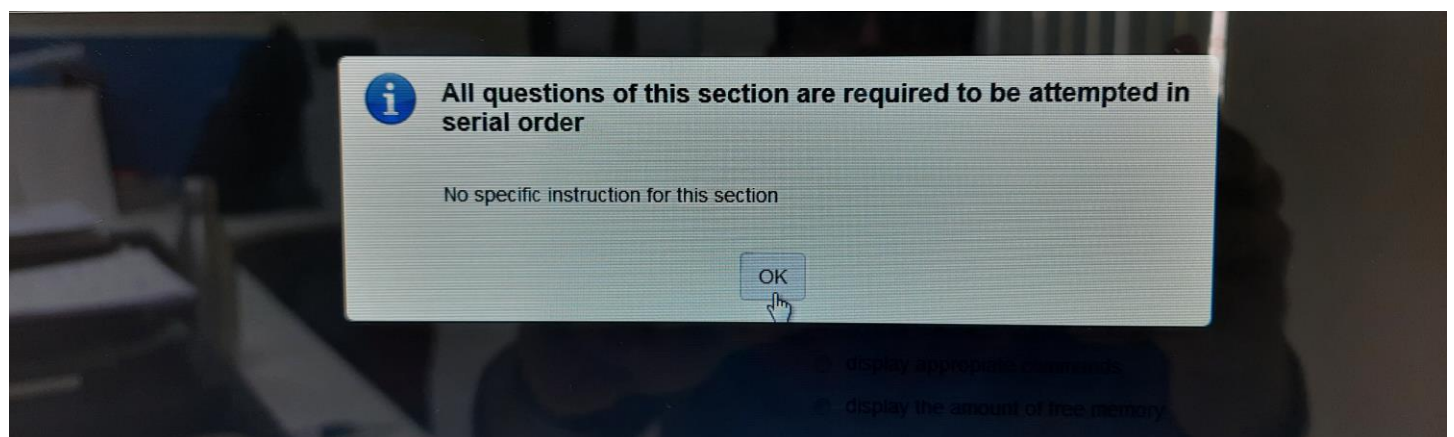

Once you start the exam, below page will appear... It shows Section1 of 2 on left side top corner and Section-wise time on right side top corner.

Students needs to attempt all questions in order only, without attempting any question, student cannot go next question. You can re-attempt the question by clicking on “Revisit” button.

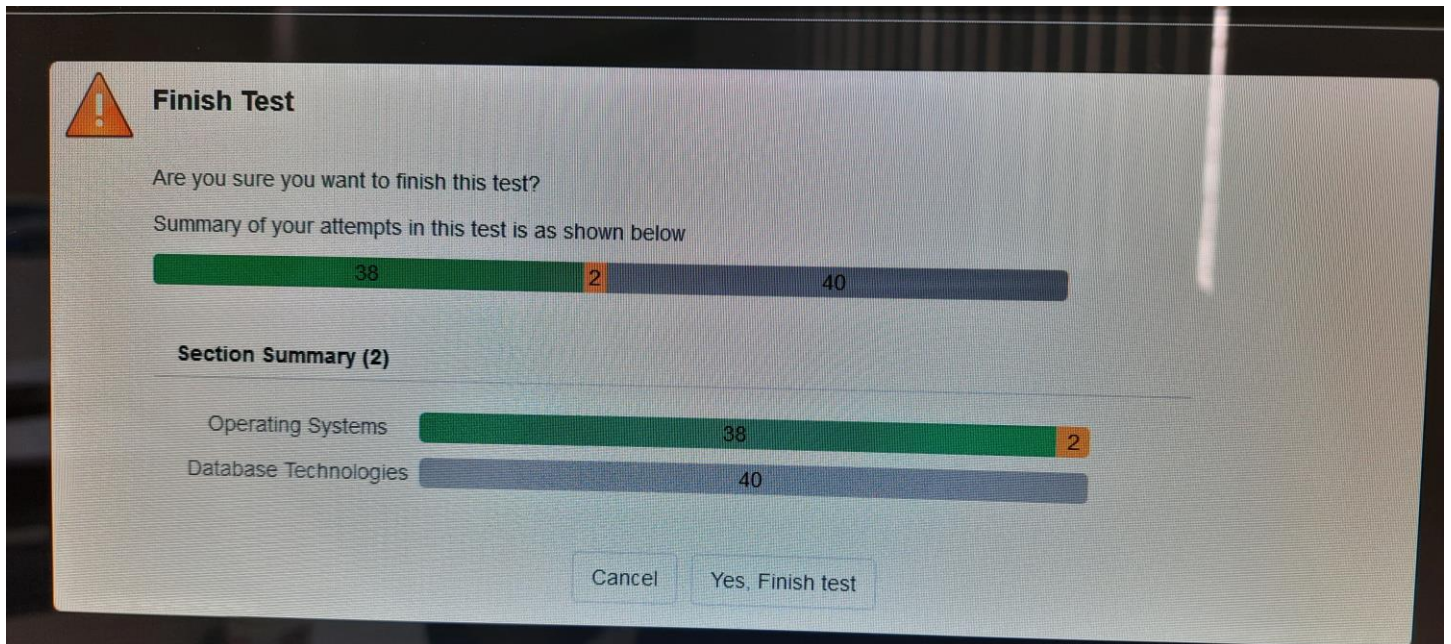

If you click on next question number without attempting current question, below message will appear.

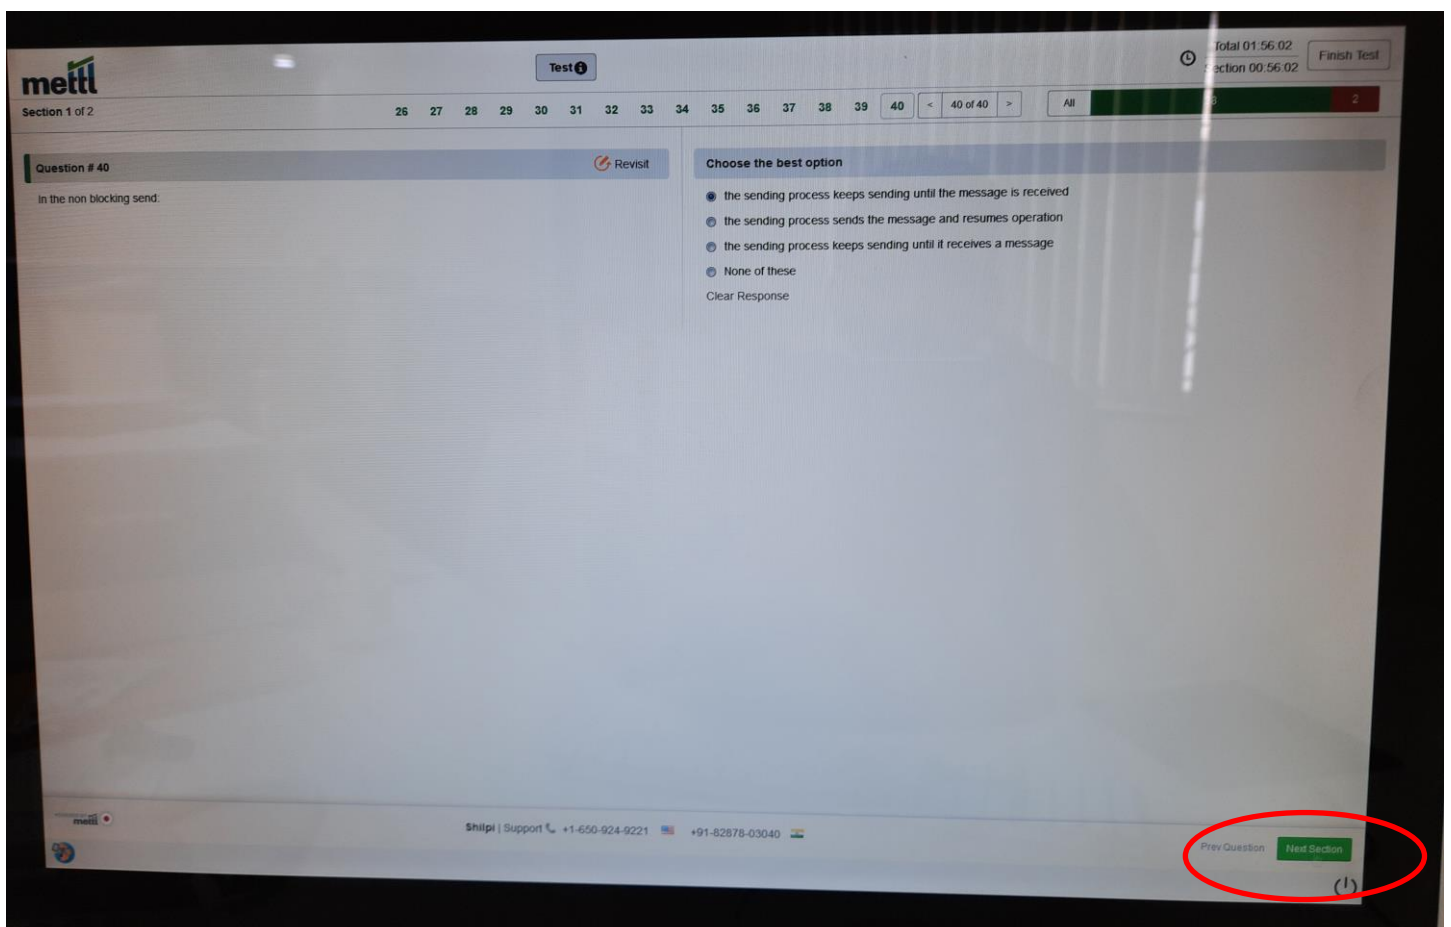

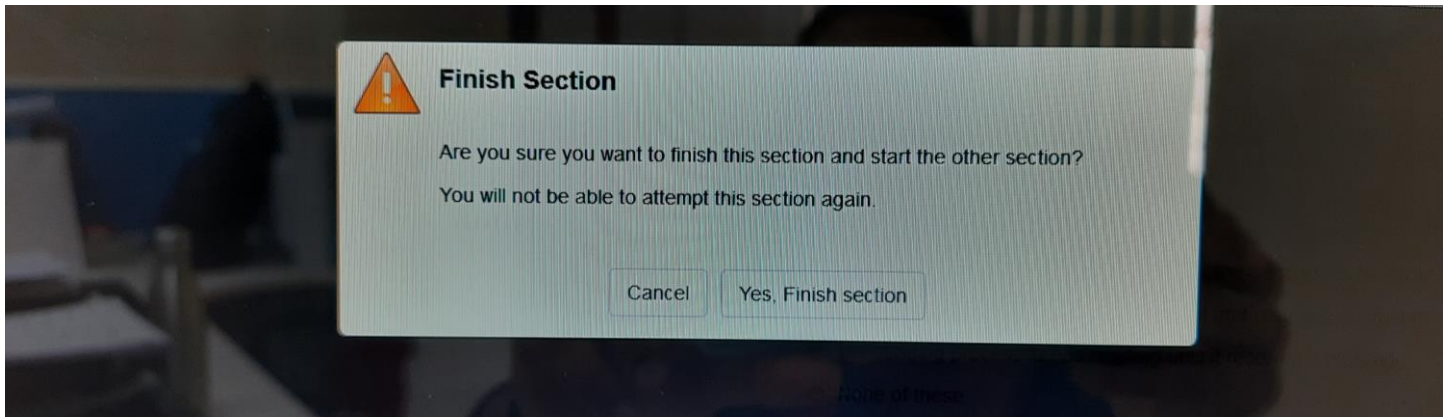

Once you finish all the 40 questions in current section, 'Finish' button will be enabled on right hand top corner. **Don't click on 'Finish' button until you complete both the sections.** By mistake if you click on the Finish, below message will appear on your screen. Still if you pressed on "Yes, Finish test", your whole exam will be ended and we cannot re-start it by any means.

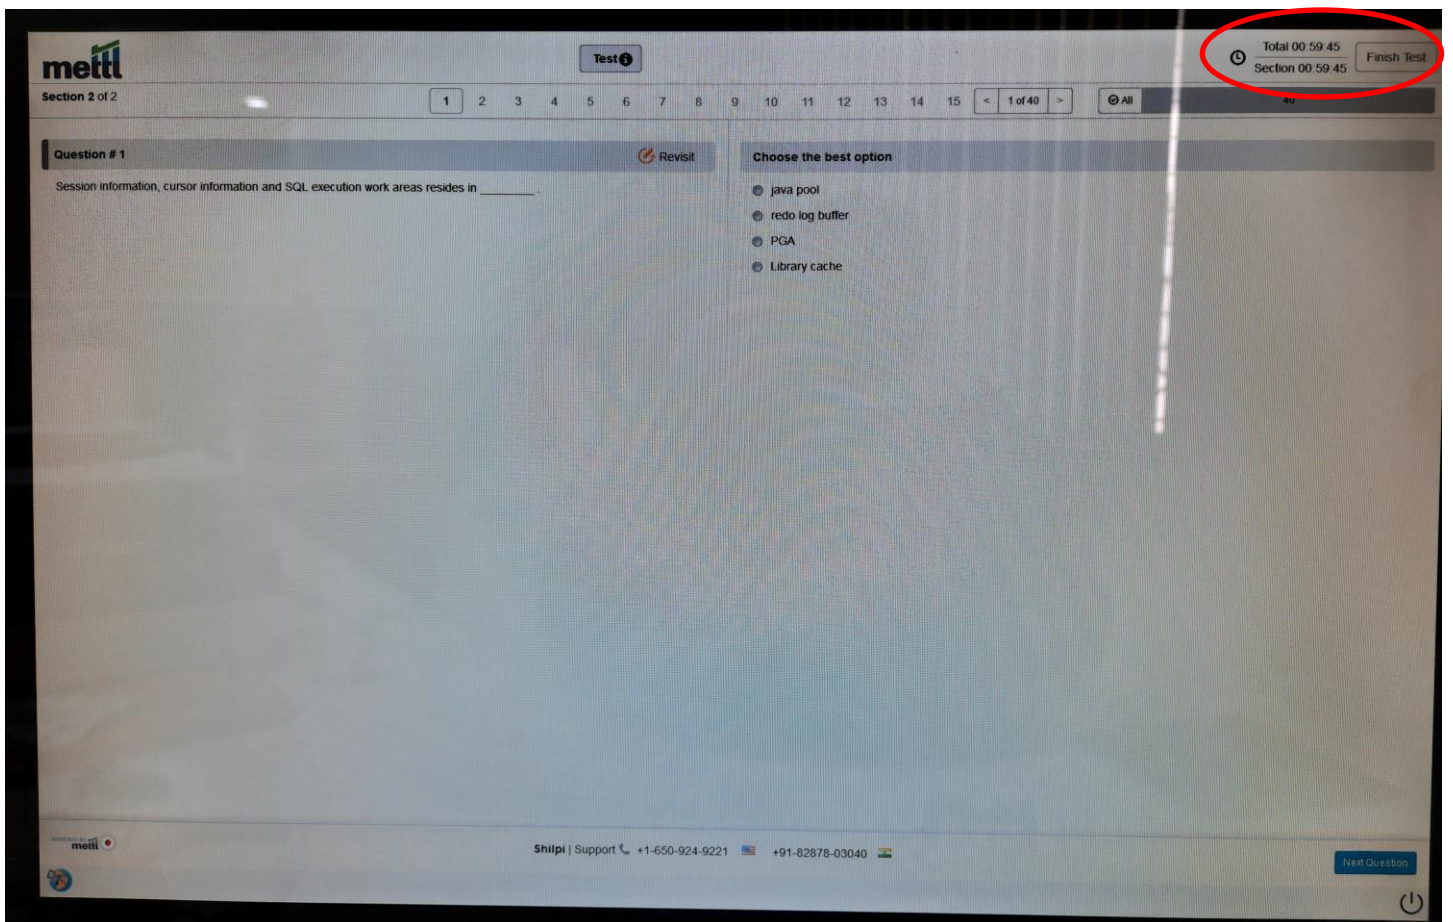

Once you reached to question number 40, next section button will be get enabled. Either you go for next section or you can navigate in same section. Once you start section 2, you cannot come back to Section 1.

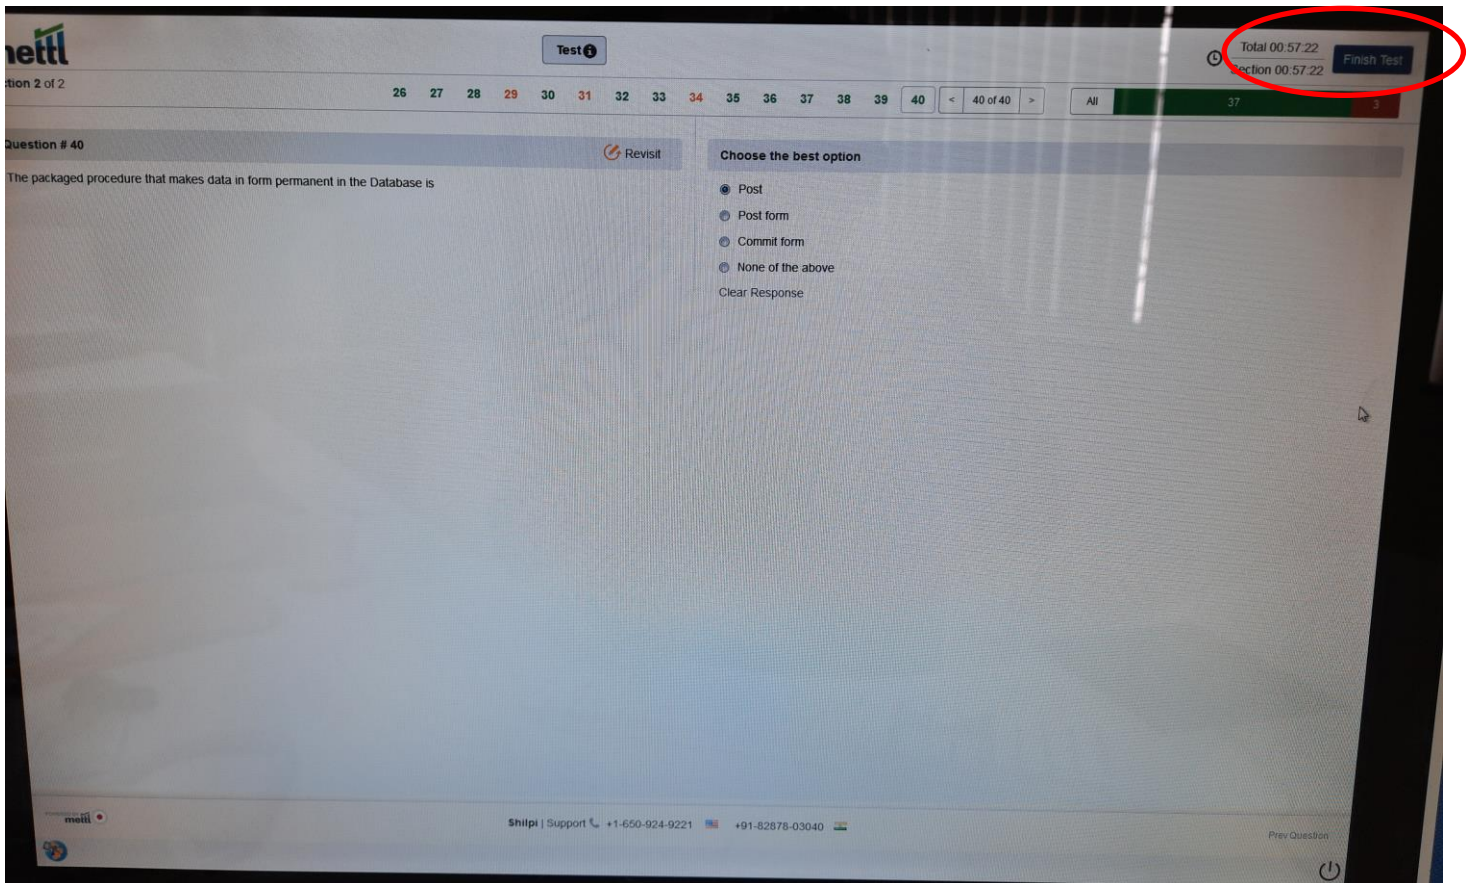

Once you click on Next section, below message will appear. Click on “Yes, Finish section”

Your Section 2 will start. Section wise time is showing as like below image.

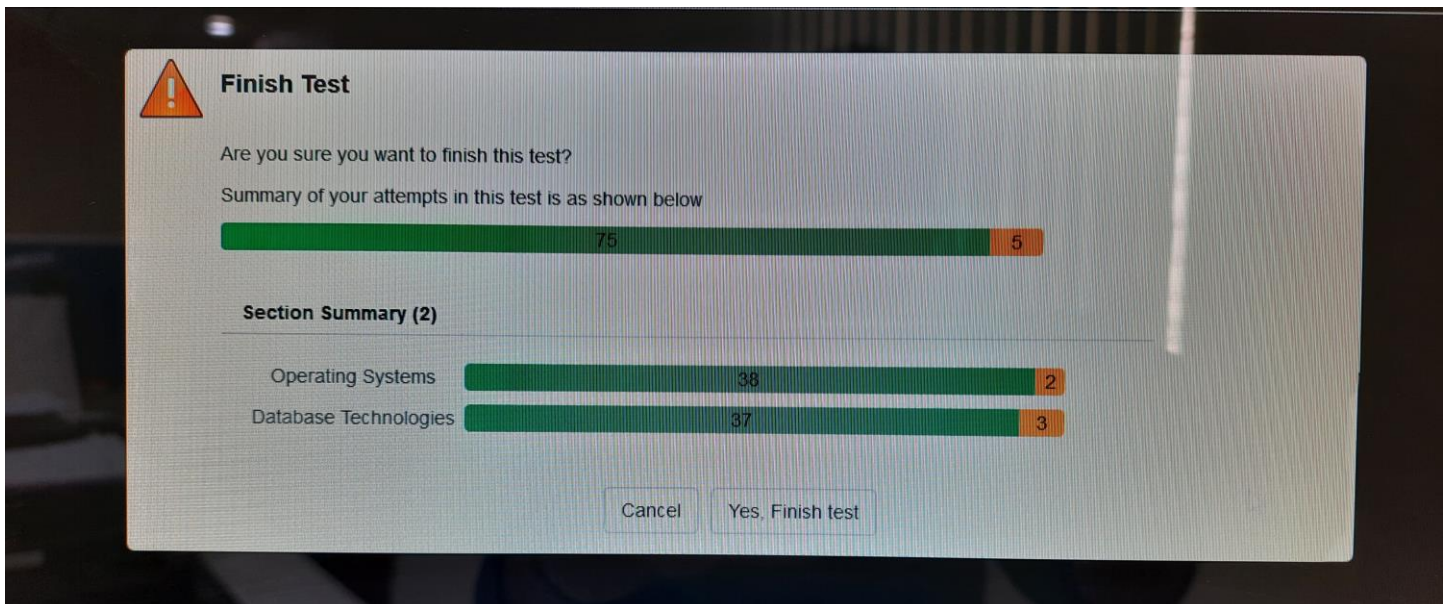

Once you finish the both the sections, If you desired to finish the exam, click on “Finish Test” button. Or else it will automatically end once your time gets over.

After clicking the ‘Finish Test’ below summary will appear on screen then click on “Yes, Finish test” you will come out of Secured browser.

If you need any technical support the numbers are mentioned below on exam screen, also in mail you received (Exam credentials).
